## A.M.O.R.

Advanced Measurements of Responses to the  
Challenges of Social Skills development in a  
digital era

From 23-27 September 2024, the A.M.O.R. project held a five-day training event in Stuttgart to familiarise participants with key outcomes of the project work, such as the Good Practice Catalogue and the Digital Handbook. The event, hosted by YES Forum, brought together educators, social workers and young people from different countries for a series of workshops, presentations and study visits.

The training also included visits to organisations such as Lebenshilfe Stuttgart, which provides employment for people with disabilities, and Rudolfs Café, a restaurant employing people with mental health challenges. These were inspiring examples of how inclusive working models can support people with diverse needs.

**NEXT A.M.O.R. PARTNERSHIP MEETING: EXCHANGE OF EXPERIENCES AND PLANS FOR THE FUTURE**

The next partnership meeting of the A.M.O.R. project will take place in November in Bilbao, Spain. This will be an important opportunity to take stock of past activities and discuss the next steps of the project. The meeting will also allow for the exchange of experiences and further planning of activities for inclusiveness.
